GREEN TOYS

As parents are becoming more environmentally-conscious when it comes to purchasing toys for their babies, it is wonderful that Green Toys has introduced their new Disney Baby Collection. Green Toys™ Inc., the award-winning line of US-made, eco-friendly, and socially responsible children's product, is pleased to announce an exciting new licensing partnership with Disney Baby. Through this new agreement, Green Toys™ developed an eco-friendly, classic toy line featuring some of Disney's iconic and beloved characters including Mickey and Minnie Mouse, Donald Duck, and Goofy.

PASSBACK FOOTBALL

The American football is shaped like a stretched oval with two pointed tips. Its unique shape makes the ball bounce in unpredictable ways, making the game exciting. It is also this unique shape that makes it difficult for kids to master the football throw.

This is where the Passback football comes in. It's shaped like a regular football except one of its pointed tips has been rounded off. The rounded end makes the football bounce back to you when you throw it against a wall. As the company slogan says, the Passback is "the only football you can throw and catch on your own".

WE COOL TOYS

During the pandemic, parents continue to search for fun and creative activities to keep the attention of their children. WeCool Toys, the creators of the award-winning Compound Kings brand, has launched a new series of awesome toys to keep your kids entertained.

AMERICAN GIRL

It is the holidays, whether you celebrate Christmas, Hanukkah, or another holiday, American Girl dolls, clothing and accessories are always a big hit. American Girl has so many wonderful things to fit any child in your life.

SHORE BUDDIES

There is no question that ocean plastic pollution is a growing concern, that's why entrepreneur Malte Niebelschuetz developed Shore Buddies, an innovative plush and gift line created using only recycled plastic. To date, the company has used more than 500,000 plastic bottles to make soft, plush animals. The bottles are collected and sorted by recyclable collectors before cleaned and shredded into plastic flakes. Some of these flakes are used for the Shore Buddies' stuffing, others get melted and turned into polyester yarn for the soft outside. And it takes six plastic bottles to create one Shore Buddy.

ELF ON THE SHELF

With all the changes this year, there is one thing that you can count on a visit from the Elf of the Shelf pals. Every year kids count down the days until they arrive and luckily this is one tradition that we can still keep alive.

In fact, they have introduced a couple of additional products for the holiday season, that I am sure you are going to love.

TOBI INTERACTIVE ROBOT SMART WATCH

The Tobi Robot Smartwatch helps kids learn to tell time with a built-in clock. It also features a calendar, stopwatch, fitness tracker, reminders, and alarm clock. Tobi includes dance actives and even augmented reality games! Tobi is also able to take and store up to 3,000 pictures along with videos that can also be shared with Tobi paired devices.

L.O.L. SURPRISE

L.O.L Surprise! is the #1 toy around the world for the past couple of years and that is why it makes the best holiday gifts for kids. They have some great new toys this year, and I can't wait to tell you about them. The L.O.L Surprise is big and little girls alike have hours of fun playing with them. It is an unbox innovative and diverse selection of accessories, fashion dolls, collectible dolls, playsets and so much more.

NA, NA, NA SURPRISE
